REMARKS

Claims 1-12 and 19 remain pending in the application with the present amendments. The Specification and the drawings are amended herein in accordance with the examiner's suggestions in paragraphs 2 and 3 of the final Office Action. No new matter is introduced by way of the present amendments to the drawings or the specification.

Applicants appreciate the indication of allowability of claims 1-12 and 19 over the prior art. Claims 1 and 11 are amended in the manner suggested by the examiner to overcome the rejections under 35 U.S.C. §112.

Support for the present amendments to the claims is provided, *inter alia*, in the original drawings and in paragraph [0061].

Accordingly, in view of the amendments and remarks herein, it is believed that all pending claims of the application are now in condition for allowance. However, if for any reason the Examiner does not believe that such action can be taken at this time, the Examiner is requested to telephone the Applicants' attorney at the number indicated below to discuss any issues that may remain.

It is believed that no fee is due in connection with the filing of this Amendment.

However, if any fee is due, authorization is granted to debit the Deposit Account No. 09-0458 of the Assignee. If there is an overpayment, please credit the same account.

Respectfully submitted,
Charles N. Archie et al.
